

## **Of Race and Reason: an Internet Report**

The item below will be claimed to be racist by those too brainwashed to look for, or at, the evidence. From time immemorial small numbers of alien race or culture were tolerated and merged in with large nations. But always, where inserts of culture have been large enough (or obvious enough) to maintain their own identity, the result, even after many generations of living in harmony, when times get tough, then either the insert culture will attempt to destroy its host or to be destroyed by it host. This trend, as all interested should know, has been well demonstrated and only partially avoided in our own times by outside intervention.

Those who advocate and promote massive racial and cultural mixing will, in the end, be responsible for massive death and misery. What is happening in the world today is not confined to the USofA , it is the result of a Humanist Philosophy that is already destroying human welfare and progress world wide. It is not a terrorist plot; it is not a conspiracy; it is, as explained in file 2, a plan of conquest.

CAN YOU BELIEVE THIS, WHAT THE HELL IS GOING ON, DO YOU THINK THAT THIS CAN BE STOPPED AT THIS POINT?

How do you think that this is going to affect your grand children in years to come?

From the L.A Times:

1. 40% of all workers in L.A. County (L.A. County has 10 million people) are working for cash and not paying taxes. This was because they are predominantly illegal immigrants, working without a green card.
2. 95% of warrants for murder in Los Angeles are for illegal aliens.
3. 75% of people on the most wanted list in Los Angeles are illegal aliens.
4. Over 2/3 of all births in Los Angeles County are to illegal alien Mexicans on Medi-Cal, whose births were paid for by taxpayers.
5. Nearly 25% of all inmates in California detention centers are Mexican nationals here illegally.
6. Over 300,000 illegal aliens in Los Angeles County are living in garages.
7. The FBI reports half of all gang members in Los Angeles are most likely illegal aliens from south of the border.
8. Nearly 60% of all occupants of HUD properties are illegal.

9. 21 radio stations in L.A. are Spanish speaking.

10. In L.A. County 5.1 million people speak English. 3.9 million speak Spanish (10.2 million people in L.A. County).

(All the above from the Los Angeles Times)

Less than 2% of illegal aliens are picking our crops, but 29% are on welfare.

Over 70% of the United States' annual population growth (and over 90% of California, Florida, and New York) results from immigration.

The cost of immigration to the American taxpayer in 1997 was, (after subtracting taxes immigrants pay), a NET \$70 BILLION a year, [Professor Donald Huddle, Rice University]. The lifetime fiscal impact (taxes paid minus services used) for the average adult Mexican immigrant is a NEGATIVE number. 29% of inmates in federal prisons are illegal aliens.

If they can come to this country to raise Hell and demonstration by the thousands, Why can't they take charge over the corruption in their own country? We are a bunch of fools for letting this continue.

THE U.S. VS MEXICO: On February 15, 1998, the U.S. and Mexican soccer teams met at the Los Angeles Coliseum. The crowd was overwhelmingly pro-Mexican even though most lived in this country. They booed during the National Anthem and U.S. flags were held upside down. As the match progressed, supporters of the U.S. team were insulted, pelted with projectiles, punched and spat upon. Beer and trash were thrown at the U.S. players before and after the match. The coach of the U.S. team, Steve Sampson said, "This was the most painful experience I have ever had in this profession."

Did you know that immigrants from Mexico and other non-European countries can come to this country and get preferences in jobs, education, and government contracts? It's called affirmative action or racial privilege. The Emperor of Japan or the President of Mexico could migrate here and immediately be eligible for special rights unavailable for Americans of European descent.

Recently, a vote was taken in the U.S. Congress to end this practice. It was defeated. Every single Democratic senator except Ernest Hollings voted to maintain special privileges for Hispanic, Asian and African immigrants. They were joined by thirteen Republicans. Bill Clinton and Al Gore have repeatedly stated that they believe that massive immigration from countries like Mexico is good. They have also backed special privileges for these immigrants.

Corporate America has signed on to the idea that minorities and third world immigrants should get special, privileged status. Some examples are Exxon, exaco, Merrill Lynch, Boeing, Paine Weber, Starbucks and many more.

DID YOU KNOW?: That Mexico regularly intercedes on the side of the defense in criminal cases involving Mexican nationals? Did you know that Mexico has

NEVER extradited a Mexican national accused of murder in the U.S. in spite of agreements to do so? According to the L.A. Times, Orange County, California is home to 275 gangs with 17,000 members; 98% of which are Mexican and Asian. How's your county doing?

According to a New York Times article dated May 19, 1994, 20 years after the great influx of legal immigrants from Southeast Asia, 30% are still on welfare compared to 8% of households nationwide. A Wall Street Journal editorial dated December 5, 1994 quotes law enforcement officials as stating that Asian mobsters are the "greatest criminal challenge the country faces." Not bad for a group that is still under 5% of the population.

Is education important to you? Here are the words of a teacher who spent over 20 years in the Los Angeles School system. "Imagine teachers in classes containing 30-40 students of widely varying attention spans and motivation, many of whom aren't fluent in English. Educators seek learning materials likely to reach the majority of students and that means fewer words and math problems and more pictures and multicultural references."

WHEN I WAS YOUNG: I remember hearing about the immigrants that came through Ellis Island. They wanted to learn English. They wanted to breathe free. They wanted to become Americans. Now, far too many immigrants come here with demands. They demand to be taught in their own language. They demand special privileges--affirmative action. They demand ethnic studies that glorify their culture.
